Director's Final Findings
and Orders

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency.

PREAMBLE

It is agreed by the parties hereto as follows:

By: Donna Cassiter Date: 6-18-09

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued the Village of Gloria Glens ("Respondent"), pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

II. PARTIES

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of Respondent shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meanings as defined in ORC Chapter 3704 and the regulations promulgated thereunder.

IV. FINDINGS

All of the findings necessary for the issuance of these Orders pursuant to ORC §§ 3704.03 and 3704.01 have been made and are outlined below. Nothing in the findings shall be considered to be an admission by Respondent of any matter of law or fact. The Director of Ohio EPA has determined the following findings:

1. Respondent is a government entity with offices located at P.O. Box 457, Chippewa Lake, in Medina County, Ohio, a County that is designated as a nonattainment area for ozone and is part of a designated program area that is subject to an enhanced or opt in enhanced vehicle inspection and maintenance program. Respondent owns or leases and operates a fleet of motor vehicles, as defined in ORC §§ 4501.01(B), 4503.16, and 4511.01(C), in this County, which are subject to biennial vehicle emissions inspections

required pursuant to ORC § 3704.14 and Ohio Administrative Code ("OAC") Rule 3745-26-12(A)(2).

2. OAC Rule 3745-26-01(AA) defines a "nonattainment area" as an area that has not achieved the National Ambient Air Quality Standards and that is required to undergo certain air pollution control strategies pursuant to the 1990 Clean Air Act Amendments.

3. OAC Rule 3745-26-01(H) defines a "designated program area" as any county currently or formerly classified as moderate, serious, severe, or extreme nonattainment for carbon monoxide or ozone in accordance with the Clean Air Act Amendments of 1990 and that is subject to a basic, an enhanced, or an opt-in enhanced vehicle inspection and maintenance program.

4. OAC Rule 3745-26-12(A)(2) states, in part, that, unless otherwise exempt, each motor vehicle that is owned or leased by the State, local government, or any political subdivision whose office is located within a county that is part of a designated program area, is subject to inspection in odd numbered years and shall report the inspection results to the Director by December 31 of that year.

5. ORC § 3704.14(C) states, in part, that the Director may continue to implement and enforce rules pertaining to the enhanced motor vehicle inspection and maintenance program previously implemented under former ORC § 3704.14 as that section existed prior to its repeal and reenactment by Amended Substitute House Bill 66 of the 126th General Assembly.

6. OAC Rules 3745-26-01 and 3745-26-12, among others, are rules pertaining to the enhanced motor vehicle inspection and maintenance program previously implemented under former ORC § 3704.14 as that section existed prior to its repeal and reenactment by Amended Substitute House Bill 66 of the 126th General Assembly. Former ORC § 3704.14(H) stated, in part, that the federal government, the State, any political subdivision, and any agency or instrumentality of those entities, in accordance with rules adopted by the Director, shall have inspected any motor vehicles that they own and operate in any county that is subject to the vehicle inspection and maintenance program.

7. Per OAC Rule 3745-26-12(A)(2), Respondent was required to have each of its vehicles inspected during 2007 and to report the results to Ohio EPA no later than December 31, 2007.

8. In a letter dated February 5, 2007, Ohio EPA notified Respondent of its obligation to comply with the requirements of OAC Rule 3745-26-12(A)(2). Included with this letter was a copy of the Government Fleet Reporting form, with instructions.

9. In a letter dated July 16, 2007, Ohio EPA reminded Respondent of the government fleet testing and reporting requirements. This reminder letter included the Government Fleet Reporting form, with instructions.

10. Respondent did not submit a complete Government Fleet Reporting form that included test results for all of the vehicles registered to it to Ohio EPA on or before December 31, 2007, in violation of OAC Rule 3745-26-12(A)(2).

11. In a letter dated January 25, 2008, Ohio EPA again informed Respondent of its obligation to comply with the requirements of OAC Rule 3745-26-12(A)(2). At that time, Ohio EPA notified Respondent that the deadline for complying with the testing and reporting requirements was being extended to February 20, 2008. A copy of the Government Fleet Reporting form, with instructions, was also included with the letter.

12. Respondent did not submit a complete Government Fleet Reporting form to Ohio EPA on or before February 20, 2008.

13. On May 14, 2008, Ohio EPA sent a warning letter to Respondent by certified mail. In this letter, Ohio EPA informed Respondent of its noncompliance with the requirements of OAC Rule 3745-26-12(A)(2) and extended the deadline for complying with the testing and reporting requirements to June 6, 2008. A copy of the Government Fleet Reporting form, with instructions, was again included with the letter.

14. Respondent did not submit a complete Government Fleet Reporting form to Ohio EPA on or before June 6, 2008.

15. Based on the above Findings, the Director of Ohio EPA finds that Respondent violated OAC Rule 3745-26-12(A)(2), for failing to have each motor vehicle that was subject to inspection in calendar year 2007 inspected before December 31, 2007, and for failing to report the inspection results to Ohio EPA by December 31, 2007.

16. Respondent submitted a complete Government Fleet Reporting form for calendar year 2007 to Ohio EPA on February 24, 2009. The report showed that all of Respondent's vehicles had been tested in 2008.

17. ORC § 3704.06(C) provides, in part, that any person violating ORC § 3704.05 shall pay a civil penalty of not more than twenty-five thousand dollars (\$25,000) for each day of each violation. Therefore, failure to comply with these Orders could subject the Respondent to a civil penalty of up to \$25,000 per day per violation.

18. ORC § 3704.05(G) states, in part, that no person shall violate any order, rule, or determination of the Director issued, adopted, or made under ORC Chapter 3704.

19. Should Respondent fail to comply with these Orders, the Director of Ohio EPA may refer this matter to the Ohio Attorney General's Office where, pursuant to ORC § 3704.06, the Director may request that the Attorney General pursue litigation and seek civil penalties of up to \$25,000 per day of violation.

20. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their relation to benefits to the people of the State derived from such compliance.

V. ORDERS

The Director hereby issues the following Orders:

1. Per the requirements of OAC Rule 3745-26-12(A)(2), Respondent shall have each of its vehicles inspected during 2009 and report the results to Ohio EPA no later than December 31, 2009.

Payment shall be made by official check made payable to "Treasurer, State of Ohio" for two hundred and fifty dollars (\$250) within 30 days of the effective date of these Orders. VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA's Division of Air Pollution Control acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

VII. OTHER CLAIMS

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. XII. WAIVER

In order to resolve disputed claims, without admission of fact, violation or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.
