

(A) Applicability

This section applies to any *major stationary source* or *major modification* that is to be constructed in an area designated in 40 CFR 81.336 et seq as attainment for an air pollutant for which the *major stationary source* or *major modification* is major.

(B) Any owner or operator of a proposed *major stationary source* or *major modification* shall provide an analysis of the impairment to visibility, soils and vegetation that would occur as a result of the *stationary source* or *modification* and general commercial, residential, industrial and other growth associated with the *stationary source* or *modification*. This analysis shall be submitted with the permit to *install* application.

(C) The owner or operator shall provide an analysis of the air quality impact projected for the attainment area as a result of general commercial, residential, industrial and other growth associated with the *stationary source* or *modification*.
