**Re: Coshocton Landfill, Inc.
Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g) Approval**

Dear Ms. Robinson:

On December 21, 2012, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Southeast District Office (SEDO) received a document titled, "Statistical Analysis Program for Ground-Water Quality Monitoring Coshocton Landfill," (Document) for the Coshocton Landfill, Inc. (Facility), located in Coshocton County. The Document was submitted by Eagon & Associates, Inc., on behalf of Waste Management, and contains a request to include previously identified exceedances into the respective background observation periods.

The Facility has a history of false positives related to natural variability in ground water quality. In each instance, Ohio EPA has granted approval to continue detection monitoring in accordance with OAC 3745-27-10(D)(7)(c). Therefore, the Facility requests inclusion of previously identified exceedances into the respective background observation periods in accordance with OAC 3745-27-10(C)(7)(g).

Pursuant to Ohio Administrative Code Rule 3745-27-10(C)(7)(g) background data can be added only in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to current background data and no statistical differences are detected, unless another method is deemed acceptable to the Director of Ohio EPA (Director).

Ohio EPA, has reviewed the Document and concurs with the Facility's request to include arsenic at monitoring well CMW-3 into the respective background observation periods in accordance with OAC 3745-27-10(C)(7)(g). Therefore, pursuant to OAC Rule 3745-27-10(C)(7)(g), the owner, or operator is hereby authorized to update the background

database for arsenic at monitoring well CMW-3.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to ORC Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
