**Re: Seriff Road Landfill, Allen County
Termination of Director's Final Findings and Orders**

Dear Ms. Jones:

By letter dated January 30, 2004, Waste Management of Ohio, Inc. (Waste Management) requested concurrence from the Ohio Environmental Protection Agency (Ohio EPA) that the activities specified in the Director's Final Findings and Orders (Orders) issued on June 11, 2003, have been completed by the owner or operator of the Seriff Road Landfill (Facility), located in Allen County. These Orders required Waste Management to notify surrounding residences and complete additional investigation and sampling at the Facility due to barium contamination in ground water monitoring well SRD-04 on the east side of the landfill.

Based upon a review of your request and associated information, Ohio EPA concurs that the obligations set forth in the Orders have been met. Therefore, I hereby terminate the June 11, 2003, Orders.

You are hereby notified that this action of the director of Ohio EPA is final and may be appealed to the Environmental Review Appeals Commission (Commission) pursuant to Ohio Revised Code (ORC) Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Commission within thirty (30) days after notice of the director's action. A copy of the appeal must be served on the director within three (3) days of filing with the Commission. An appeal may be filed with the Commission at the following address:
