**Re: Henry County Landfill, Henry County
Corrective Measures Plan - Table 4.0 Revisions**

Dear Commissioners:

On May 31, 2005, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), Northwest District Office (NWDO) received a letter requesting a revision to the Henry County Landfill Corrective Measures Plan (hereinafter referred to as "Request"). The Request was submitted by The Mannick & Smith Group, Inc., on behalf of the Henry County Commissioners (County), for the Henry County Landfill (Facility).

The Facility's existing Corrective Measures Plan (CMP) was prepared and submitted in accordance with Ohio Administrative Code Rule 3745-27-10(F) and was approved by Ohio EPA on December 18, 2003. The approved corrective measure consists of a subsurface HDPE barrier wall and an associated dewatering system to remedy ground water contamination in the significant zone of saturation in the vicinity of monitoring well MW-16 at the Facility. The County also performs semiannual ground water compliance monitoring to monitor the effectiveness of the remedial measure.

The Request proposes revisions to Table 4.0 (Table) of the approved CMP to reflect current specifications for the barrier wall and dewatering wells. The existing Table documents the elevations of the barrier wall and dewatering wells anticipated prior to construction. The revised Table, included in the Request, reflects the actual elevations measured during construction (see Attachment). Additionally, the existing Table sets the maximum pump-on elevations in the dewatering wells to range between 660.6 and 666 feet msl. The revised Table sets the maximum pump-on elevations in the dewatering wells to range between 664 and 666.4 feet msl (see Attachment).

Ohio EPA has reviewed the Request and concurs with the proposed revisions. Therefore, I hereby approve the revisions to Table 4.0 of the Henry County Landfill Corrective Measures Plan. A copy is enclosed. Please insert it into your copy of the CMP.

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission (Commission) pursuant to Ohio

Bob Taft, Governor
Jennette Bradley, Lieutenant Governor
Joseph P. Koncelik, Director

Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Commission within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director within three (3) days of filing with the Commission. An appeal may be filed with the Commission at the following address:

Environmental Review Appeals Commission
309 South Fourth Street
Room 222
Columbus, Ohio 43215

If you have any questions regarding this approval, please contact Kimberly Burnham of Ohio EPA, NWDO at (419) 373-3049.

Sincerely,

Joseph P. Koncelik
Director
