**Re: ISG Landfill, Cuyahoga County
OAC Rule 3745-30-08(E)(7), Decline to Approve Compliance Monitoring Program**

Dear Mr. Zavoda:

On May 11, 2005, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), Northeast District Office (NEDO) received a Compliance Monitoring Program Plan from ISG Cleveland, Inc. (ISG) for the ISG Area C Landfill (Facility) located in Cuyahoga County.

Pursuant to Ohio Administrative Code (OAC) Rule 3745-30-08(E)(7), if the owner or operator determines that waste-derived constituents from the facility have entered the ground water, then the owner or operator may, prior to meeting the requirements of OAC Rule 3745-30-08(F) (corrective measures), request that the director approve a compliance monitoring program at the facility.

Ohio EPA has reviewed the May 11, 2005, Compliance Monitoring Program Plan and has determined that corrective measures, pursuant to OAC Rule 3745-30-08(F), should be implemented to address ground water contamination at the Facility, as opposed to compliance monitoring. Therefore, at this time, I decline to grant ISG approval to implement the Compliance Monitoring Program at the Facility.

A detailed account of Ohio EPA's review of the Compliance Monitoring Program Plan will be sent to you under separate cover.

Bob Taft, Governor
Jennette Bradley, Lieutenant Governor
Joseph P. Koncelik, Director

Mr. Richard M. Zavoda
