Issuance Date:

Effective Date:

The above named entity is hereby issued a permit approval (permit-to-install) for the above described source pursuant to Ohio Administrative Code (OAC) Rule 3745-27-02. Issuance of this permit approval does not constitute expressed or implied approval or agreement that, if constructed and/or modified in accordance with the plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will operate in compliance with applicable state and federal laws, rules, and regulations, and does not constitute expressed or implied assurances that, if constructed and/or modified in accordance with those plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will be granted the necessary operating permits and/or licenses. This permit approval is issued subject to the attached conditions which are hereby incorporated and made a part of hereof.

In accordance with Ohio Revised Code (ORC) Section 3734.44, the applicant has exhibited sufficient reliability, expertise, and competency to operate the solid waste facility. This determination is made based upon review of the disclosure statements submitted pursuant to ORC Section 3734.42.

## **PERMIT SUMMARY**

This is a FINAL permit-to-install (PTI application number 02-20084), which authorizes construction of the proposed Kimble Transfer and Recycling - Twinsburg Township Transfer and Recycling Facility (Transfer Facility), a new solid waste transfer facility located on the west side of Chamberlin Road north of Highland Road, in Twinsburg Township, Summit County. Penn-Ohio Coal Co., dba Kimble Transfer and Recycling (Kimble), is the proposed owner and operator, and is the PTI applicant. PTI application number 02-20084 was submitted on October 20, 2004, with subsequent revisions submitted on December 13, 2004; January 26, 2005; March 29, 2005; August 29, 2005; December 14, 2005; December 29, 2005; January 4, 2006; and January 6, 2006.

The Transfer Facility will be an enclosed facility. The Transfer Facility has been designed in accordance with OAC 3745-27-21.

This summary is provided solely for informational purposes and does not constitute a part of, or otherwise affect, the attached PTI.

## **PERMIT CONDITIONS**

1. In accordance with OAC Rule 3745-27-02(I), this permit shall terminate three (3) years after its effective date if the above-named applicant (permittee) has not undertaken a continuing program of installation or has not entered into a binding contractual obligation to undertake and complete within a reasonable time a continuing program of installation of the Transfer Facility.
2. The Director of Ohio EPA (Director), or an authorized representative, may enter upon the premises of the permittee during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, or examining records or reports pertaining to the construction, modification, or installation of the above described source of environmental pollutants (municipal solid waste transfer facility).
3. The proposed facility shall be constructed in strict accordance with the plans, specifications, and information submitted as a part of the permit application. There may be no deviation from the approved plans without the express, written approval of Ohio EPA. Any deviation from the approved plans or the permit conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed facility will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of Ohio EPA if the proposed municipal solid waste transfer facility is inadequate or cannot meet applicable standards.

4. Issuance of this permit does not relieve the permittee of the duty to comply with all applicable federal, state, and local laws, ordinances, and regulations.
5. This permit shall apply only to those facilities shown on the plans submitted as part of PTI application number 02-20084.
6. This permit may be modified, or alternatively revoked and reissued, to comply with any revisions to OAC Chapter 3745-27 applicable to this municipal solid waste transfer facility.
7. The permittee shall provide for the proper maintenance and operation of the municipal solid waste transfer facility in accordance with the provisions of OAC Chapter 3745-27.
8. Nothing in this permit shall be construed to authorize any waiver from the requirements of any applicable federal or state laws or regulations. This permit shall not be interpreted to release the permittee from responsibility under ORC Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.
9. This permit does not authorize the acceptance of any hazardous or infectious wastes, except those excluded from hazardous waste or infectious waste regulation by ORC Chapter 3734.
10. This permit does not authorize the acceptance of any asbestos or asbestos-containing waste material that is subject to the provisions of NESHAP, 40 CFR Part 61, Subpart M. No such asbestos or asbestos containing waste material may be accepted without first obtaining the necessary permits from Ohio EPA.
11. This permit does not authorize the acceptance of whole or shredded scrap tires for transfer to a disposal facility unless they are to be transferred to a scrap tire collection, storage, recovery, monocell, or monofill facility licensed in accordance with OAC Chapter 3745-27, or to a licensed solid waste incinerator.
12. This permit does not authorize the acceptance of yard waste, source-separated yard waste, or mixed yard waste for transfer to a disposal facility unless source-separated yard waste will be transferred to a composting facility registered or licensed in accordance with OAC Chapter 3745-27.

13. Ohio EPA, Northeast District Office (NEDO) and the Summit County General Health District (SCGHD) shall receive written notification of the construction start date not later than seven (7) days prior to starting any construction authorized under this permit so that construction of the Transfer Facility can be routinely inspected by Ohio EPA, NEDO and the SCGHD before the Transfer Facility is placed into operation.
14. The permittee shall provide for the following inspections and facility maintenance:
  - a. The permittee shall provide for daily inspection of the Transfer Facility and completion of the Solid Waste Transfer Facility Daily Log of Operations, Form 3. Written results of the inspections, including any corrective measures employed, shall be made available to Ohio EPA or the SCGHD upon request.
  - b. The leachate collection system shall be inspected and maintained to prevent blockage or clogging that may impede proper collection of leachate.
15. All surface water control structures shall be in place prior to beginning any other construction activities.
16. In accordance with OAC Rule 3745-27-23(Y), the Transfer Facility shall not accept waste materials to any area of the Transfer Facility until all of the following events have occurred:
  - a. Site preparations for that area have been completed;
  - b. The certification report has been signed by the owner or operator certifying that the Transfer Facility has been constructed in strict compliance with the applicable authorizing document and submitted to Ohio EPA;
  - c. All necessary equipment has been brought to the Transfer Facility;
  - d. The Transfer Facility has been adequately prepared for operation; and
  - e. The prepared Transfer Facility has been inspected by SCGHD.
17. Prior to waste acceptance at the Transfer Facility, the permittee shall execute and fund a financial assurance instrument meeting the requirements of OAC Rules 3745-27-15 and 3745-27-17.
18. Pursuant to ORC Sections 3745.11(Q) and (V), payment of the solid waste permit-

to-install fee balance, in the amount of two thousand one hundred dollars (\$2,100.00) payable to "Treasurer, State of Ohio", shall be submitted to Ohio EPA, Attn: Fiscal Administration, P.O. Box 1049, Columbus, Ohio 43216-1049. The fee balance shall be submitted within thirty (30) days of the effective date of this permit. Failure to timely submit the required fee balance will result in assessment of late penalties in accordance with ORC Sections 3745.11(Q) and (V).
