RE: Countywide Recycling & Disposal Facility (RDF), Stark County
Alternative Daily Cover Material Approval

Dear Mr. Hamilton:

On March 17, 2006, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), received a written request for authorization to use Baycor 27319 Trampoline Truck Cover Style 884 as an alternative daily cover material in accordance with Ohio Administrative Code (OAC) Rule 3745-27-19(F)(3) at the Countywide RDF solid waste disposal facility (Facility) located in Stark County.

OAC Rule 3745-27-19(F)(3)(b) states, "The director may approve alternative materials, other than solid waste, and/or other thicknesses for daily cover if the owner or operator can demonstrate to the satisfaction of the director that the proposed alternative material and/or thickness provides protection that is comparable to six inches of soil and is protective of human health and the environment."

Ohio EPA has reviewed the information contained in the request and has determined that the Baycor 27319 Trampoline Truck Cover Style 884 has the potential to function effectively as alternative daily cover material and provide protection comparable to six inches of soil as required by OAC Rule 3745-27-19(F)(3)(a). I hereby approve the use of the Baycor 27319 Trampoline Truck Cover Style 884 as alternative daily cover material at the Facility.

As part of this approval, the owner or operator is subject to the following conditions:

CONDITIONS

1. This authorization is limited to the use of Baycor 27319 Trampoline Truck Cover Style 884 only. No other alternative daily cover material may be used at the Facility without prior authorization from Ohio EPA.

Bob Taft, Governor
Jennette Bradley, Lieutenant Governor
Christopher Jones, Director

Printed on Recycled Paper

Ohio EPA is an Equal Opportunity Employer

2. The owner or operator shall place the Baycor 27319 Trampoline Truck Cover Style 884 over exposed waste materials by the end of the working day, or more frequently if necessary, to control fire hazards, blowing litter, odors, dust, insects, and rodents.
3. If inclement weather conditions will render the placement or use of the Baycor 27319 Trampoline Truck Cover Style 884 ineffective or otherwise unsatisfactory, the owner or operator shall temporarily revert to using conventional soil cover in accordance with OAC Rule 3745-27-19(F) until such conditions cease to exist. Under such circumstances, the owner or operator may apply another alternative daily cover material that has been approved for use at the Facility, provided that the alternative daily cover material is able to perform effectively under the inclement conditions.
4. If the owner or operator determines that Baycor 27319 Trampoline Truck Cover Style 884 is ineffective or otherwise unsatisfactory under normal operating conditions, the owner or operator shall immediately revert to using conventional soil cover in accordance with OAC Rule 3745-27-19(F). Under such circumstances, the owner or operator may apply another alternative daily cover material that has been approved for use at the Facility. The owner or operator shall verbally notify Ohio EPA, NEDO of this action by the end of the next working day and shall submit written notification to Ohio EPA, NEDO within fourteen (14) calendar days. This notification is not necessary if the use of the Baycor 27319 Trampoline Truck Cover Style 884 ceases on a temporary basis in accordance with Condition Number 3.
5. If Ohio EPA determines that the use of Baycor 27319 Trampoline Truck Cover Style 884 is ineffective or unsatisfactory under normal operating conditions, then permission to use the material may be revoked upon written notification from the Director of Ohio EPA. Immediately upon such revocation, the owner or operator shall cease to use Baycor 27319 Trampoline Truck Cover Style 884 as alternative daily cover material at the Facility and shall revert to using conventional soil cover in accordance with OAC Rule 3745-27-19(F). Under such circumstances, the owner or operator may apply another alternative daily cover material that has been approved for use at the Facility.
6. Baycor 27319 Trampoline Truck Cover Style 884 shall not be used as intermediate or final cover. Any solid waste disposal area that remains inactive for a period of seven (7) days and that has been covered with Baycor 27319 Trampoline Truck Cover Style 884 shall be covered with at least six (6) inches of soil in accordance with OAC Rule 3745-27-19(F) by the end of the seventh day.
7. The use and location of the Baycor 27319 Trampoline Truck Cover Style 884 shall be documented on the required Municipal Solid Waste Landfill Daily Log of Operations, Form 3 on each day it is used as alternative daily cover material.

8. Nothing in this letter shall be construed to authorize any waiver from the requirements of any other applicable federal or state laws or regulations. This letter shall not be interpreted to release the owner or operator of Countywide RDF from responsibility under Chapters 3704, 3714, 3734, or 6111 of the Ohio Revised Code; or under the Federal Clean Water Act, Resource Conservation and Recovery Act, or Comprehensive Environmental Response, Compensation, and Liability Act; or from any other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission (Commission) pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
309 South Fourth Street, Room 222
Columbus, OH 43215

If there are any questions regarding this authorization, please contact Scott Winkler of Ohio EPA, Northeast District Office at (330) 963-1220.

Sincerely,

Joseph P. Koncelik, Director
