\$400,000 Federal
\$1,071,464 Local Match

Local Project Contact

Michelle DiFiore
City of Akron
166 South High Street
Akron, Ohio 44308

Environmental Results

Lowered the Kelly Ave dam
by 5 feet which eliminated
the impoundment pool

Restored 2,170 linear feet of
stream channel

Restored more than 3,000
linear feet of riparian
streambank and 3.8 acres of
riparian forested areas

Created three riparian
wetlands encompassing
approximately 0.2 acre

3.8 acres of riparian areas
will be permanently
protected as a result of the
placement of the project site
under a conservation
easement.
